

Abstracts 1979 – 1999

- Degens, E. T., V. Ittekkot & S. Kempe (1979): Impact of man on soil erosion documented in coastal marine sediments. - Proc. Symp. on Anthropogenic Influences on the Environment, USSR Academy of Sciences, Moscow.
- Kempe, S. (1981): Dissolution experiments with facets. - Proc. 8th Intern. Spel. Congr. Bowling Green, Kent.: 647. (abstract only)
- Spitzzy, A., S. Kempe & E.T. Degens (1981): Tracing the missing CO₂ - Pt. 1: riverine carbonate. - Paper presented at the CLIMATE MODELS contact group meeting May 26-27, 1981, Brussels, Commission of European Communities.
- Degens, E. T., V. Ittekkot & S. Kempe (1981): Tracing the "missing" CO₂ - Pt. 2: riverine organic carbon. - Extended abstracts and/or text of presentation at the first meeting, Brussels, 26-27 Oct., 1981. Comm. of the European Communities, Directorate General for Science, Research and Development.
- Kempe, S. (1982): Carbonate corrosion in the estuarine zone. - Amer. Chem. Soc., Div. of Geochem. Nat. Meeting Kansas City, Missouri Sept. 12-17, Abstract 43.
- Kempe, S. (1984): Der frühe Ozean: ein Soda-Ozean? – Geotagung 1984, 136. Hauptversammlung d. Deut. Geol. Ges. u. 54. Jahrestagung d. Paläontol. Ges., Hamburg, 23.-26. Sept. 1984, Kurzfassungen der Vorträge und Posterausstellungen: 68.
- Kempe, S. (1984): Karbonatlösung im Elbeästuar. – Geotagung 1984, 136. Hauptversammlung d. Deut. Geol. Ges. u. 54. Jahrestagung d. Paläontol. Ges., Hamburg, 23.-26. Sept. 1984, Kurzfassungen der Vorträge und Posterausstellungen: 69-70.
- Kempe, S. (1985): Sediment trapping in the Black Sea. - (abstract) Terra Cognita 5: 70.
- Kempe, S., J. Kazmierczak, & E.T. Degens (1986): The soda ocean concept and its bearing on biotic and crustal evolution.- Abstr. 5th Intern. Symp. Biomineralization "The Origin of Ocean Chemistry and Its Significance to Biomineralization, May 19-23, 1986, Arlington, Texas: 31-32.
- Kempe, S., J. Kazmierczak & K.H. Stetter (1988): Satonda Insel: Schlüssel zur chemischen Evolution des Ozeans. – In: Statusseminar "Marine Rohstoffforschung" mit dem deutschen Forschungsschiff SONNE im Zeitraum 1984 bis 1988, Goslar 9. Mai bis 11. Mai 1988 Programm und Kurzfassungen der Vorträge, Kernforschungsanlage Jülich GmbH.
- Kempe, S. (1988): The early alkaline ocean and its implications for biological development. – Geosphere Fluctuations: Short Term Instabilities in the Earth System: Hamburg, Dec.-13-15. 1988, Abstracts.
- Kempe, S. & J. Kazmierczak (1989): Satonda Crater Lake and its stromatolites: A recent model of the early alkaline ocean? - European Union of Geosciences, 5th Meeting, Strasbourg 20-23 March 1989; Terra Abstracts 1/1: 197.
- Weers, K.-P., H.K. Wong & S. Kempe (1990): Haptonen und Nährstoffe in der Unterelbe (poster abstract). - 3. Magdeburger Gewässerschutzseminar zur Belastung der Elbe, GKSS, Geesthacht, WWD, Magdeburg: 324 pp.
- Kempe, S. & C. Ketz-Kempe (1991): Lava tube systems in the Hilina Pali area, Kilauea, Hawaii. - Newslett. Cave Geol. Geograph. Sec. Nat. Speleol. Soc. 19/1: 18. (abstract)
- Kempe, S. & C. Ketz-Kempe (1991): Underground observations during the Pu'u O'o Earthquake, August 8, 1990, 4.9 Magnitude. - Newslett. Cave Geol. Geograph. Sec. Nat. Speleol. Soc. 19/1: 19. (abstract)
- Kazmierczak, J. & S. Kempe (1991): Recent cyanobacterial counterparts of Paleozoic Wetheredella and related problematic fossils. - 5th Inter. Symp. on Fossil Algae, Capri, 7-14 April 1991, Abstract Volume: 30.
- Kempe, S. & Pegler, K., (1992): Karbonatsystem im Nordatlantik (SO/76-A und M/21-3 Fahrt). – Berichte aus dem FB Geowissenschaften der Universität Bremen, No. 33, J. Duinker & G. Wefer (eds.): Bericht über den 1. JGOFS-Workshop, 1./2. Dezember 1992 in Bremen: 32-34.
- Depetris, P.J., W.G. Mook & S. Kempe (1992): The 1982 ENSO impact on the Paraná River: Evidence from stable isotopes. Extended Abstract Intern. Symp. on "Former ENSO Phenomena in Western South America: Records of El Niño Events", Lima Mar. 4-7., 1992.
- Kempe, S., G. Landmann & A. Reimer (1992): Sediments of Lake Van, Eastern Anatolia. - Abstracts Amer. Geophys. Union San Francisco 1992 Fall Meeting, Supplement to EOS Oct. 27, 1992: 206.
- Kazmierczak, J., S. Kempe, M. Gruszczynski & M. Coleman (1993): Concurrence of in vivo and early post-mortem biocalcification in modern coccooid cyanobacterial mats from Indonesia: a key to the morphogenesis of ancient stromatolites. - 7th Biomineralization Symposium, Monaco 17.-20.11.93, Program and Abstracts, p.60.

- Kazmierczak, J., M. Gruszczynski, M. Coleman, S. Kempe & C. Maile (1994): Coccoid cyanobacterial origin of common micritic and peloidal limestones: Jurassic and modern examples. - 14th Intern. Sed. Congr. Recife, Aug. 1994, Abstracts: B5-B7.
- Depetris, P.J., G. Irion, S.R. Bertolino & S. Kempe (1993): Riverine sources of clay minerals in the SW-Atlantic - an overview. - Abstracts Intern. Workshop "Particle Flux in the Ocean", SCOPE/UNEP, Hamburg Sept. 20-23, 1993.
- Kempe, S. & H. Knaack (1993): Vertical particle flux in the Western Pacific below the North Equatorial Current and the Equatorial Counter Current. - Abstracts Intern. Workshop "Particle Flux in the Ocean", SCOPE/UNEP, Hamburg Sept. 20-23, 1993.
- Kempe, S., A. Lipp, B. Hay & M. Duman (1993): Vertical particle flux in the Black Sea. - Abstracts Intern. Workshop "Particle Flux in the Ocean", SCOPE/UNEP, Hamburg Sept. 20-23, 1993.
- Zheng, L., W. Chen, H. Erlenkeuser, H.K. Wong, P. Stoffers, S. Kempe & M.G. Wiesner (1993): Seasonal variations of oxygen and carbon isotopes in planktonic foraminifera in the Northern South China Sea. - Abstracts Intern. Workshop "Particle Flux in the Ocean", SCOPE/UNEP, Hamburg Sept. 20-23, 1993.
- Kazmierczak, J., S. Kempe, M. Gruszczynski & M. Coleman (1993): Concurrence of in vivo and early post-mortem biocalcification in modern coccoid cyanobacterial mats from Indonesia: a key to the morphogenesis of ancient stromatolites. - Abstract, 7th Intern. Symp. Biomineralization, Monaco, November 17-20, 1993: 69 p.
- Kempe, S. & J. Kazmierczak (1994): Hydrochemical prerequisites for modern and past environments sustaining in-situ calcifying cyanobacterial mats. - Death Valley International Stromatolite Symp. Laughlin, Nev. 15.-17.10.1994, Abstracts: 41.
- Kazmierczak, J., M. Gruszczynski, W. Weitschat & S. Kempe (1994): Devonian and Triassic seafloor accumulated micritic limestones: Product of benthic coccoid cyanobacteria. - Death Valley International Stromatolite Symp. Laughlin, Nev. 15.-17.10.1994, Abstracts: 39-40.
- Kazmierczak, J., M. Gruszczynski, M. Coleman, S. Kempe & C. Maile (1994): Origin of lamination in modern and ancient in situ calcified stromatolites: A geomicrobiological and isotopic approach. - Death Valley International Stromatolite Symp. Laughlin, Nev. 15.-17.10.1994,
- Kazmierczak, J., M. Gruszczynski, M.L. Coleman & S. Kempe (1995): Open marine micritic and peloidal limestones from the Jurassic of Poland: Products of benthic coccoid cyanobacteria. - Abst. 10th Bathurst Meeting of Carbonate Sedimentologists. - London, 2.-5, July, 1995, 32-33.
- Kempe, S. (1995): The coastal ocean and its role in the global carbon cycle. - In "Changing Estuarine and Coastal Environments", (eds. W. Salomons, B. Bayne, C.H. Heip & K. Turner), EERO Workshop, GKSS-Research Center, Geestacht, 8.-12. Oct., 1995: 57-59.
- Pegler, K. & S. Kempe (1995): The CO₂ system in the North Atlantic Ocean: Seasonal influence on the regional distribution of inorganic carbon. - The XXI General Assembly of the Intern. Assoc. for the Physical Sciences of the Ocean, Honolulu, 5.-12.8. 1995, Abstracts (ed, R.E. Stevenson): 132.
- Ludwig, W., P. Amiotte-Suchet, G. Munhoven, J.L. Probst & S. Kempe (1995): Modelling the consumption of atmospheric CO₂ by continental erosion. - In Global Analysis, Interpretation, and Modelling: First Science Conference, 25.-29. Sep., 1995, Garmisch-Partenkirchen, Germany, Abstract volume: H3.
- Kempe, S. (1996): Enlargement of lava tubes by downcutting and breakdown. - Abstr. Proc. Nat. Speleol. Soc. Conv., 5.-9. 8. 1996, Salida, Colorado, p.46.
- Arp, G., J. Reitner, G. Wörheide, G. Landmann & S. Kempe, 1997: New data on Satonda Crater Lake microbial communities, Sumbawa, Indonesia.- EUG Abstracts, Strassbourg, 23.-27. March, 1997 21/2b26.
- Kempe, S., (1997): Lavahöhlen auf Hawaii.- Der Schlatz, 82: 54.
- Kempe, S., & J. Hartmann (1997): Excentriques capillaries, do they carry paleoclimatic information? - Proc. 12. Intern. Congr. Speleol. 10.-17. Aug. 1997, La Chaux-de-Fonds, Switzerland, Vol. 3: 100, abstr. only.
- Kempe, S., & Depetris, P.J., 1997: Why basin studies. - Proceedings "Land Ocean Interactions in the Coastal Zone" LOICZ-IGBP Open Science Meeting, 10.-13. October 1997, Noordwijkerhout, the Netherlands LOICZ Meeting Report No 29: 55-58.
- Gaiero, D.M., Godino, G., Piovano, E.L., Depetris, P.J., Probst, J.-L., & Kempe, S., 1997: Heavy metal speciation in Patagonian rivers: a preliminary view. - Proceedings "Land Ocean Interactions in the Coastal Zone" LOICZ-IGBP Open Science Meeting, 10.-13. October 1997, Noordwijkerhout, The Netherlands, LOICZ Meeting Report No 29: 75.

- Pasquini, A.I., Depetris, P.J., Probst, J.-L. & Kempe, S., (1997): The effect of natural events and man-made factors on runoff and sediment transport of Patagonian Rivers: Colorado, Negro, and Chubut rivers. - Proceedings "Land Ocean Interactions in the Coastal Zone" LOICZ-IGBP Open Science Meeting, 10.-13. October 1997, Noordwijkerhout, the Netherlands LOICZ Meeting Report No 29: 84-85.
- Kazmierczak, J. & Kempe, S., (1998): Bacterial spherulites associated with cocoid cyanobacterial microbialites from Lake Van, Turkey: Clues for the origin of ooids. - 14th Intern. Sedimentol. Congr. Alicante, April 1998.
- Kempe, S., & Kazmierczak, J., (1998): Geomikrobiologische und isotopische Untersuchungen an mitteldevonischen Kalken Mitteleuropas im Hinblick auf mikrobielle Kalke aus reczenten limnischen und quasimarinen Environments. - Protokoll Kolloquium Schwerpunktprogramm "Evolution des Systems Erde während des jüngeren Paläozoikums im Spiegel der Sedimentgeochemie", 26.-27.1.1998, Bonn.
- Rosendahl, W. & Kempe, S.; 1998: Zur Bedeutung von Speläothemen für die Rekonstruktion von jung- und mittelpleistozänen Klimasequenzen. - Tagungsband der 40. Tagung der Hugo Obermaier-Gesellschaft; 14.-18.4.1998, S.13; Erlangen.
- Kempe, S. & Halliday, W.R. (1998): Report of the discussion on Pseudokarst. - Proc. 12th Intern. Congr. Speleol., La Chaux-de-Fonds, Switzerland, 10th-17th Aug. 1997, Vol 6: 107.
- Kempe, S. (1998): Siderite weathering, a rare source of CO₂ for Cave Genesis: The Eisensteinstollen System and adjacent caves in the Iberg, Harz Mountains, Germany. - Proc. 1998 Nat. Speleol. Soc. Conv. Sewanee, TN, 3.-7.8.1998: 78.
- Kempe, S. (1999): The historical importance of the Baumannshöhle/Harz illustrated by the report of Zücker (1763). - Abstract, NSS Convention July 1999, geo2 session. Und: J. Cave Karst Stud. Nat. Speleolo. Soc. 62 (April 2000) (1): 37. Also in: The Journal of Spelean History, 33(1):19, Abstracts of the papers presented at the History Session 1999 NSS Convention in Filer, Idaho.
- Kempe, S., C. Lerch & M. Oberwinder (1999): Channel and Cave Systems of the Puhia Pele Flow, Hualalai, Hawaii, and Its Relation to the 1801 (Huehue) Flow. Abstract, NSS Convention July 1999, Vulcano-speleological session. Und: J. Cave Karst Stud. Nat. Speleolo. Soc. 62 (April 2000) (1): 42-43.
- Kempe, S. (1999): Waipouli and Kamakalepo, Two Sections of a Large and Old Mauna Loa Tube on Hawaii. Abstract, NSS Convention July 1999, Vulcanospeleological session. Und: J. Cave Karst Stud. Nat. Speleolo. Soc. 62 (April 2000) (1): 43.
- Kempe, S. (1999): Mapping lava flows by surveying lava tubes; example: Aila'au/Keauhou Flows, Kilauea / Hawaii IX International Symposium on Vulcanospeleology Catania, 6.-11. September, 1999. Und: Newsletter Hawai'i Speleological Survey of the Nat. Speleol. Soc. Nov. 1999(6): 18.
- Kempe, S., C. Lerch & M. Oberwinder (1999): Geology of the Huehue Tube (eruption 1801) and the Puhia Pele Channel System, Hualalai, Hawaii. - IX International Symposium on Vulcanospeleology Catania, 6.-11. September, 1999. Und Newsletter Hawai'i Speleological Survey of the Nat. Speleol. Soc. Nov. 1999(6): 18, 21.
- Kempe, S. (1999): The genesis of isolated lava caves on Hawaii. - IX International Symposium on Vulcanospeleology Catania, 6.-11. September, 1999. Und: Newsletter Hawai'i Speleological Survey of the Nat. Speleol. Soc. Nov. 1999(6): 21-22.
- Rosendahl, W. & Kempe, S. (1999): Zur Bedeutung von Speläothemen für die Rekonstruktion von jung- und mittelpleistozänen Klimasequenzen. – Quartär 49/50: 149-150.
- Reitner, J., Wörheide, G., Arp, D., Hooper, J. N. A., and Kempe, S., 1999. An unusual suberitid demosponge from a marine alkaline crater lake (Satonda Island, Indonesia. *Memoires of the Quensland Museum* 44: 477-478.
